

24-port fiber optic patch panel self-operated

Overview

This 24 port patch panel comes loaded with 24 simplex SC APC 9 micron singlemode female to female couplers. It provides a quick and easy solution for patching terminated fiber cables. These panels are essential for maintaining signal integrity, simplifying troubleshooting, and supporting scalable network. FHU™ adapter panel is made of SPCC material and pre-loaded with LC adapters. The product is primarily used with standard 19-inch cabinets or racks. The Swing-Out Patch Panel is a light-weight, robust fiber optic patch panel designed for the installation of up to 48 standard optic fibers. The 19-inch rack-mountable patch panel's distinctive design incorporates flexibility and ease of use thanks to the 24 SC duplex ports. The 24 port fiber optic patch panel is reliable fiber optic organization and distribution products, it is sliding type, convenient for operations and maintenance, The 24 port fiber patch panel has wide operation temperature and suit density fiber optic installations.
