

C65N distribution box model

Overview

The Schneider C65N 3P D63 is a robust and reliable circuit breaker designed to protect electrical distribution systems in industrial settings. Its compact design allows for easy installation and maintenance, ensuring minimal downtime and maximum operational efficiency. The detailed parameters are as follows: Working Principle & Features The C65N-DC series is a circuit breaker dedicated to DC systems, featuring the following characteristics: Arc. The upper 126 V DC complies with IEC 60947-2 95 % in. Up to 55 °C 95 % in. Up to 55 °C 95 % in. Up to 55 °C 95 % in. Up to 55 °C 32 A in. Up to 40 °C 40 A in. Up to 40 °C 50 A in. Up to 40 °C 63 A in. Up to 40 °C 6 kA Icu in. The upper 126 V DC complies with IEC 60947-2 6 kA Icu in. The upper 126 V. Reliable circuit protection: performance circuit breaker, automatically cutting off current, preventing overload and short circuit, ensuring electrical safety. Which is the newest model in 21st century. C65N MCB has many merits of high protective grade (up to Ip20), high breaking capacity, good reliability of sensitive action.

Article Content

Schneider C65N-3P,D63: Advanced Industrial Control Module

The Schneider C65N-3P,D63 is an advanced industrial control module designed for precise and reliable operation in harsh industrial environments. It offers unparalleled performance and versatility across

Schneider C65N MCB Specifications | PDF | Alternating

This document provides product specifications for a C65N MCB, D curve, 4A, 400V, 3P, 6kA miniature circuit breaker including: - It is a 3-pole miniature circuit

Schneider C65N-1P, C16 Control Module Sep

The Schneider Electric C65N-1P, C16 Control Module is a versatile and reliable automation component designed for medium voltage applications. It offers high efficiency, safety, and ease of integration,

C65n miniature circuit breaker, miniature circuit breaker, circuit breaker

C 65N MCB is an all new high performance current limiting device with the ability to disconnect short circuits of up to 10kA.Which is the newest model in 21st century.

Schneider C65N 3P D63 Circuit Breaker for Industrial Control Systems

The Schneider C65N 3P D63 is a high-quality industrial circuit breaker designed for panel mounting. It offers reliable overcurrent protection for three-phase electrical systems in various industrial

C65n miniature circuit breaker, miniature circuit breaker, circuit breaker

C65N MCB has many merits of high protective grade (up to Ip20),high breaking capacity, good reliability of sensitive action,convenient multi-pole assorting, long using life ect.They are mainly used for

Schneider C65N Miniature Circuit Breaker In stock

Description The Schneider C65N is a miniature circuit breaker (MCB) that is specifically designed for use in DC (direct current) circuits. It is not available for

SCHNEIDER C65N 3P D63 Miniature Circuit Breaker for Industrial

The Schneider C65N 3P D63 is a reliable and robust industrial circuit breaker designed for electrical distribution panels. It offers excellent performance and safety features suitable for various industrial

Schneider C65N 1P C10 Circuit Breaker for Industrial

The SCHNEIDER C65N 1P C10 is a robust and reliable miniature circuit breaker designed for efficient protection in residential and commercial environments.

C65N 2P C10

Product C65N 2P C10 Details SWITCH; MODIFIER: TWO-PHASE; MANUFACTURER NAME: SCHNEIDER ELECTRIC; PART NUMBER: C65N 2P C10; ADDITIONAL CHARACTERISTICS:

NEW IN BOX Schneider C65N 3P D40 #LRR

Find many great new & used options and get the best deals for NEW IN BOX Schneider C65N 3P D40 #LRR at the best online prices at eBay! Free shipping for many products!

C65N-DC DC Circuit Breaker 2P DIN Rail Mini MCB 1A-63A 220V

C65N-DC miniature DC breaker switch 220V DC designed for photovoltaic combiner box installations and DC circuit control equipment with compact panel mounted structure.

Schneider C65N 3P D63

The Schneider C65N 3P D63 is a high-quality industrial circuit breaker designed for panel mounting. It offers reliable overcurrent protection for three-phase electrical

Schneider Electric Merlin Gerin C65N C4 Multi9 Circuit Breaker 3

Schneider Electric Merlin Gerin C65N C4 Multi9 Circuit Breaker 3-Pole 50Hz 400V I Idoovad General Surplus (30134)

C65n Mini Circuit Breaker CE Approved / C65 MCB

Model NO.: C65N Breaking Capacity: Low Voltage Circuit Breakers Operation: Manual Type Speed: Normal Type Circuit Breaker Arc-extinguishing Medium: Air Installation: DIN Rail

C65n Lighting, Power Distributing Cabinet

C65n Lighting, Power Distributing Cabinet, Find Details and Price about Distributing Cabinet Switchboard from C65n Lighting, Power Distributing Cabinet - Shenzhen Rongdian Enterprise Co., Ltd.

Schneider C65N-DC/2P-C6A DC Miniature Circuit Breaker

C65N-DC/2P-C6A is a compact protection device developed by Schneider for DC systems. Integrating overload protection, short-circuit protection, and circuit

Schneider C65N 3P D63

The Schneider C65N 3P D63 is a reliable and robust industrial circuit breaker designed for electrical distribution panels. It offers excellent performance and safety features suitable for various industrial

C65N-DC MCB 2P DC Circuit Breaker Various Amperages Available

4. Compact and space saving: Optimize structural design, save internal space of the electrical box, and facilitate multi-channel circuit layout. 5. Easy to install: compatible with mainstream distribution boxes,

Schneider C65N 3P D63

The Schneider C65N 3P D63 is a robust and reliable circuit breaker designed to protect electrical distribution systems in industrial settings. Its compact design

SCHNEIDER C65N 3P D63 Miniature Circuit Breaker for Industrial

The Schneider C65N 3P D63 is an essential component for any industrial electrical distribution panel. With its high-rated current capacity of 63A and a breaking capacity of up to 6kA, it ensures reliable

Schneider C65N 3P D63

The SCHNEIDER C65N 3P D63 is a high-performance miniature circuit breaker designed for industrial control systems. It provides reliable overcurrent

Schneider C65N 3P D63

The Schneider C65N 3P D63 thermal control system is designed to provide reliable protection and control for industrial electrical circuits. This miniature circuit breaker is ideal for use in various

C65n Circuit Breakers, MCB Miniature Circuit Breaker

Mini-Circuit Breakers, Molded Case Circuit breakers, Earth leakage Circuit Breakers, Distribution boxes, Load centers, Enclosures, AC contactors, Relays

SCHNEIDER C65N 3P D63 Miniature Circuit Breaker

Brand: Schneider Model:C65N Type:Circuit Breaker Poles:3P Current Rating:63A Rated Voltage:AC 415V Breaking Capacity:6kA Operating Temperature Range:
