

Fiber optic adapter FC connector

Overview

The FC connector is a fiber-optic connector with a threaded body, which was designed for use in high-vibration environments. The F-MA-FC-FC Optical Fiber Mating Adapter/Sleeve is a wide key adapter used to connect two FC/PC or two FC/APC fibers together with low loss. This model has an FC female fiber connector on each end. These are also known as FC fiber optic mating sleeves and are available in both single mode and multimode variants with either a zirconia sleeve or bronze sleeve. They are also available in simplex with round and square types for flange. Discover Amphenol FOP's high-precision FC fiber optic adapters-available in bulkhead, feed-through, and flange mount designs, offering durable zirconia and phosphor bronze sleeves. Most commonly, they provide for interconnection of cables having similar connectors in order to facilitate passage through an enclosure wall or to extend cable length. Products incorporating standard.
