

How much does a non-linear steel cable tray cost

Overview

Wireways and cable trays price structures are dominated by material costs, which account for 60-70% of total project expenses. Steel wireway systems typically fall in the \$8-20 per foot range, while aluminum variants command premiums of \$12-30 per linear foot due to corrosion. Cable tray pricing depends on materials, coatings, size, supplier margins, and order quantity —plus hidden costs like shipping and installation. This guide breaks down everything buyers need to know, from price trends to cost-saving tips. Please send us your recommendations, suggestion, and request. Click this for the SUGGESTION. 6 Inch Deep x 18 Inch Wide x 10 Feet Long section of wiremesh cable tray constructed of precision engineered high quality welded steel wire and can be adapted to fit any installation on-site Our patented UL Classified painted wire tray is classified as an EGC Equipment Grounding Conductor. The majority of individuals will consider the cost of the components.
