

Huawei external optical cable model

Overview

SFP-25G-AOC-5M (02311MPD) is Huawei compatible 25G Active Optical Cable, operating over Multi-Mode Fiber (MMF), designed with total interconnection length up to 5 meter. 25G Active Optical Cable is equipped with MSA standard compatible SFP+ transceiver assembly at each end of cable. An active optical cable (AOC) is a fixed-length optical fiber with optical modules at both ends. It can be directly connected to an optical port on a device. Common classifications of Huawei AOC cables include: QSFP28 AOC cables, QSFP+. Select from a broad range of Huawei Compatible active optical cables. AOC cables from HPC Optics are available with SFP+, SFP28, QSFP, QSFP28, or QSFP-DD connectors. With Huawei's core concept for ODN construction centering on full and dense coverage coupled with short and easy access, Huawei's ODN 3. In the earliest FTTH solution, ODN 1. This single-mode optical cable features 6 cores and provides low loss and high power for essential networking applications. All products are tested on corresponding equipment before shipping.

Article Content

01-07 CABLES

The cables are delivered in compliance with standards of the destination country or region. For example, PI straight male to C13 straight female AC power cable (Figure 7-16) is used in China.
