

# Ireland Integrated Distribution Box Consultation and Quotation

## Overview

EirGrid is aiming to launch the LDES procurement round in Q1 2027 and for LDES contracts to be awarded in Q4 2027. The following article provides a legal and market perspective on the proposed LDES scheme, analysing its design, incentives, risks, and key considerations for potential LDES. The Electricity Storage Policy Framework (ESPF), published by the Department of Climate, Energy and Environment (DCEE) in July 2024, called for, under Action 6, the immediate procurement of long duration electricity storage (LDES) services with the capacity to deliver electricity to the. Ireland's energy sector is undergoing a crucial transformation, with EirGrid's October 2025 consultation on the Long Duration Energy Storage (LDES) Procurement Mechanism marking an important milestone for storage developers and investors in this space. The move represents a step toward a structured market for multi-hour storage, targeting the. ESB Networks is the electricity Distribution System Operator (DSO), Distribution Asset Owner (DAO), and onshore Transmission Asset Owner (TAO) in the Republic of Ireland. We work to meet the needs of 2. EirGrid has opened consultation on its proposed procurement model for long-duration energy storage (LDES). The Office of Government Procurement (OGP) has since April 2016 published a standard suite of templates. The templates, which are designed for above EU threshold tenders, are to be used by Contracting Authorities (Government Departments and State Bodies) for low to medium risk goods and services.
