

Maltese optical fiber cable and fiber optic companies

Overview

Melita dominates with the largest cable network, GO (formerly Vodafone Malta) shines in mobile, and Epic has quickly made a name for itself as a newcomer. There are also smaller providers like Vanilla Telecoms and Ozone, which often offer better service but have smaller coverage. We supply a range of both indoor and outdoor fibre optic cables that have different construction types, such as tight buffer, loose tube and microcable, to suit different application types be it for direct burial, duct installation, aerial (figure-8 and self-supporting) or blown fibre applications. With GO True Fibre, every bit of internet we bring you is fibre, from start to finish so that data is delivered at the speed of light, reaching 1000Mbps with low. Intertek specialises in the use of fibre as a data network medium. Through our expertise we are able to design cutting-edge fibre networks tailored to meet the unique needs of your business. 76 million was recorded in 2022, followed by a slight decline to €3. We strive to meet our customers' demands for. Malta has three main players splitting the market.
