

Mini-module flip sunroof automatically resets

Overview

Disconnecting will reset the modules. The initialisation is carried out through the switch of the panorama glass roof. The switch must be operated in the "vent position" direction during the entire process. Side note, the windows down and sunroof open with the remote is enabled by default, but if you want to also close them with the remote, this can be enabled with NCS or Bimmercode. It's a built in feature that is just disabled in the code by default ☹️. Same for the one-touch open/close for the. My Mini must have felt left out today as she's decided to throw a fit (2003 MCS). I looked out the window to see the sunroof and windows fully open - it seems the car is unlocking itself and doing the open sunroof & windows thing, and if I try to re-lock the car from the fob it just opens. Pretty new to the forums, and I'm encountering an issue, and hoping someone has experienced (and resolved before! I have a 2015 Cooper S with the panoramic sunroof. Without this precise calibration, the. Stock Problems/Issues Discussions related to warranty related issues and repairs, or other problems with the OEM parts and software for MINI Clubman (R55), Cooper and Cooper S (R56), and Cabrio (R57).
