

Moxa Gigabit Network Switch Industrial Grade

Overview

The ICS-G7526A/G7528A series full Gigabit backbone switches are equipped with 24 Gigabit Ethernet ports plus up to 4 10 Gigabit Ethernet ports, making them ideal for large scale industrial networks. Moxa provides a wide range of industrial Ethernet switches that feature industrial-grade reliability, network redundancy, strengthened security, easy management, and competitive price-to-performance ratios. Our comprehensive portfolio includes unmanaged switches, managed switches, PoE switches. Moxa Layer 2 Gigabit Modular Managed Ethernet Switch, 4 x 10/100/1000Base-TX Ports (Fixed), Slots Available For 4-Port FE/GE Modules (Sold Separately), 2 Slots For Power Modules (Sold Separately), EN 50121-4, NEMA TS2, IEEE 1613 Class1, IEC 61850-3 E2 C1, ATEX Zone 2, C1D2 Rated, DIN-Rail Mount. We offer toughened, industry-specific products with multiple industry certifications, such as parts of the EN 50155 standard for rail applications, IEC. Moxa offers a diverse array of Industrial Ethernet Switches & Routers, including unmanaged, managed, PoE, and rackmount switches, along with models designed for the rail industry that comply with parts of the EN 50155 standard. All of Moxa's network switches have an optimal price-to-performance ratio for building robust Ethernet platforms in industrial. Express Systems is an Authorized Premier Distributor for Moxa Industrial Networking Devices. We are one of Moxa's Largest Stocking Distributors and are also MTSC Certified. Our goals are based on the belief that satisfaction is gained primarily through quality products.

Article Content

Moxa Ethernet Switches | Industrial IT Systems

Reliable Industrial Networking Solutions Moxa is a leading provider of industrial Ethernet switches designed for mission-critical applications. With a reputation for reliability, rugged design, and superior

MRX-G4064 Series

The MRX-G4064 Series is designed to meet the high-performance, high-availability requirements of industrial video, voice, and data applications resulting from the

Industrial Network Infrastructure | Moxa

Moxa provides the building blocks that are required to develop robust wired and wireless backbone networks for a variety of applications

Moxa Industrial Ethernet Switches & Routers

Moxa offers a diverse array of Industrial Ethernet Switches & Routers, including unmanaged, managed, PoE, and rackmount switches, along with models

Moxa Launches High-bandwidth Ethernet Switch Portfolio

Introducing MRX Series Layer 3 Switches: Moxa's MRX-Q4064/G4064 switches, with up to 16 10GbE ports and industrial-grade reliability, cater to high-bandwidth

IKS-G6524A Series

Process automation and transportation automation applications combine data, voice, and video, and consequently require high performance and high reliability. The

Catalog_Cover_Industrial_Ethernet_2008-1.psd

Gigabit Ethernet Redundant Ring Ethernet is becoming the default data communication medium for industrial automation applications. In fact, it's not uncommon for video, voice, and high-rate industrial

Managed full Gigabit Ethernet switch with 8 10/100/1000BaseT

Moxa's Layer 2 managed switches feature industrial-grade reliability, network redundancy, and security features based on the IEC 62443 standard.

Moxa EDS Ethernet Switches | Ethernet Networking

The Moxa EDS Range delivers industrial-grade Ethernet switching with advanced reliability, engineered to ensure secure and seamless network connectivity in

ICS-G7526A Series

Process automation and transportation automation applications combine data, voice, and video, and consequently require high performance and high reliability. The

EDS-4000/G4000 Series Industrial Managed Switches

As industrial networks continue to expand from small, local sites to larger and remote sites, Moxa's industrial rackmount switches provide more than just 10GbE/GbE performance.

Choose the Right Ethernet Switches for Your Network | Moxa

Proven Reliability for Your Critical Industrial Networks With 35+ years experiences, Moxa is the leading supplier of industrial Ethernet switches. Whether it's for industrial automation, transportation, or

Moxa Industrial Ethernet Switch | M/A Rugged

Moxa Industrial Ethernet Switch - industrial-grade, including unmanaged, Layer 2 Smart, Layer 2 managed, Layer 3 managed, PoE, EN 50155, and rackmount

MoxaStore

We are one of Moxa's Largest Stocking Distributors and are also MTSC Certified. Our goals are based on the belief that satisfaction is gained

Moxa ICS-G7528A-4GTXSFP-4XG-HV-HV

The ICS-G7526A/G7528A series full Gigabit backbone switches are equipped with 24 Gigabit Ethernet ports plus up to 4 10 Gigabit Ethernet ports, making them

EDR-G9010 Series

The EDR-G9010 Series is a set of highly integrated industrial multi-port secure routers with firewall/NAT/VPN and managed Layer 2 switch functions. These

Moxa Industrial Ethernet Switches & Routers

Moxa offers Industrial Ethernet Switches & Routers with industrial-grade reliability, network redundancy, enhanced security, easy management, and competitive

Moxa Industrial Communications | Ethernet Switches

Industrial Managed Ethernet Switches Industrial Ethernet switches with management are high-performance devices designed for use in harsh industrial

Moxa MDS-G4000 Series Gigabit Module Managed

With a highly durable housing smaller than a 3U half-rack, these switches are designed to fit in confined spaces and operate in the harsh environments

Industrial Ethernet Switches from Moxa, IDEC, Weidmuller, LUTZE,

Controller Service and Sales provides a wide range of industrial Ethernet switches with features such as industrial-grade reliability, network redundancy, seamless integrated security, and best price-to

Moxa Ethernet Switch

Moxa's Layer 2 managed switches offer industrial-grade reliability and network redundancy. Designed for tough industrial environments with multiple industry

MOXA Industrial Ethernet Switches

Moxa is your one-stop shop for industrial DIN-Rail mounted and rack mounted Ethernet switches, allowing you to choose the right products for your

Layer 2 Smart Switches

Moxa's smart switches simplify daily tasks with easy configuration, quick installation, and field-site monitoring. Designed for easy connections, SCADA/HMI

EDS-208A Series

The EDS-208A Series 8-port industrial Ethernet switches support IEEE 802.3 and IEEE 802.3u/x with 10/100M full/half-duplex, MDI/MDI-X auto-sensing. The EDS

PT-G503 Series

The PT-G503-PHR-PTP Series redundancy boxes (RedBoxes) are compliant with the latest standardized redundancy protocols for industrial automation networks,

EDS-P506E Series

The EDS-P506E Series includes Gigabit managed PoE+ Ethernet switches that come standard with 4 10/100BaseT(X), 802.3af (PoE), and 802.3at (PoE+)
