

New Zealand PoE Switch 10G

Overview

The 10 Port Ethernet Switch GW-SW-10G-POE supports 8 ports of IEEE 802.3af/at standard, which can automatically detect and identify the PoE devices that comply with the IEEE 802.3af/at standard and provide power to them. 3af/at PoE Support Go Wireless NZ, distributors of long-range wireless and Wifi products and accessories in New Zealand and the South Pacific. Our PoE simplifies power delivery for IP surveillance, telephone, and many other systems. It can deliver up to 120W of power (max 30W to a single port), which is loads of power for just about any PoE-enabled device. The Ubiquiti UniFi Pro-XG Series delivers next-generation enterprise switching designed for organisations requiring high-density 10 Gigabit Ethernet connectivity, multi-gig access, and high-power PoE infrastructure. Available in 10-port, 24-port, and 48-port models with PoE and non-PoE. Part of the new Pro XG Switching Family, the Pro XG 10 PoE is a 1U, professional-grade 10-port, Layer 3 Etherlighting™ PoE+++ switch with (10) 10 GbE and (2) 10G SFP+ ports. Features: If playback doesn't begin shortly, try restarting your device. 5Gb Layer 3 Managed PoE+ · 1) 1. This managed Layer 3 switch offers eight 10G RJ45 ports, each capable of delivering up to 60W of PoE++ power, with a total.
