

Outdoor distribution box with 24 circuits

Overview

Resists water jets and dust ingress, suitable for outdoor use or harsh industrial environments. Made with an ABS shell and 4mm PC cover, offering corrosion, impact, and aging resistance. Details In stock Usually ships within 4 to 5 days. See more product details Help others learn more about this product by uploading a video! Did you find this product summary feature useful?

The DFW-12/24 Cable Distribution Box is a compact outdoor switchgear solution for 12kV to 24kV medium-voltage (MV) networks. Equipped with fully sealed SF6 ring main unit (RMU) modules, this model ensures maintenance-free operation, enhanced safety, and rapid fault isolation in cable distribution. The Offgridtec distribution box (MPN: 024604) enables safe, clear, and weatherproof distribution of electrical connections. These specialized enclosures combine weatherproof protection with circuit protection devices, creating a complete power distribution solution designed to withstand environmental challenges while maintaining reliable electrical service. This comprehensive technical guide explores the engineering.
