

RoHS-compliant figure-eight optical cable with 24 cores

Overview

24 Core GYTC8S Fiber Optic Cable Armor Stranded Loose Tube Steel Wire Strength Waterproof Figure 8 Self Supporting Outdoor GYTC8S cable, single-mode/multimode fibers are positioned in the loose tubes, which are made of high modulus plastic, while the loose tubes strand together. 24 Core GYTC8S Fiber Optic Cable Armor Stranded Loose Tube Steel Wire Strength Waterproof Figure 8 Self Supporting Outdoor GYTC8S cable, single-mode/multimode fibers are positioned in the loose tubes, which are made of high modulus plastic, while the loose tubes strand together. 24 Core GYTC8S Fiber Optic Cable Armor Stranded Loose Tube Steel Wire Strength Waterproof Figure 8 Self Supporting Outdoor GYTC8S is a typical self supporting outdoor fiber optic cable, suitable for aerial applications; The cable have nice moisture resistance performance and crush resistance. Figure-8 UnitubeWe are a manufacturer of figure fig 8 fiber optic cable. We supply figure fig 8 outdoor Cable in competitive cost and short lead time. Our factory approved ISO9001:2015, and we have UL, CE, FCC, ROHS, CCC, CPR certificates. These cables feature a durable construction with multiple fiber count options from 1 to 24 cores, making them suitable for various network infrastructure requirements. With steel stranded wire as the self-supporting part of the fiber optic cable, it can meet the very high tensile. The Figure 8 optical fiber cable is a specialized aerial fiber optic solution named for its distinctive shape, which resembles the number "8".
