

# SCP optical cable

## Overview

SCP-EasyFiber® is designed to withstand tight bends and challenging cable routes with substantially less signal loss than conventional fiber cables. Corning is the. SCP-EasyFiber™ Single Mode with Corning® SMF-28® Ultra delivers the best installation and macrobending performance for Single Mode fiber. Installs. SCP technology, It employs a unique optical fiber structure in which a permanent polymer coating is applied to the optical fiber. Such a design does not affect the optical characteristics of the underlying optical fiber, while it greatly improves the fiber's mechanical strength. 4ft) Orders will ship next business day. Proposition 65, officially the Safe Drinking Water and Toxic Enforcement Act of 1986, is a law that requires warnings be provided to California. Smart FilteringAs you select one or more parametric filters below, Smart Filtering will instantly disable any unselected values that would cause no results to be found.
