

Self-supporting 12-fiber cable

Overview

There is no support or messenger wire required, allowing installation to be achieved in a single pass, dramatically reducing installation time and cost while delivering high-speed internet to rural areas. The cables are RDUP (RUS) listed and offer exceptional crush resistance. Corning SST-Drop™ All-Dielectric Self-Supporting (ADSS) cables offer the ease of installation of standard ALTOS cable in an easy-access, single-tube design. The long-length ADSS version allows pole-to-pole span lengths ranging from 400 feet under NESC heavy ice and wind loading conditions to 500. American Tech Supply is your reliable source for ADSS (All-Dielectric Self-Supporting Cable), Fiber Cable, Ribbon Cable, Armored, Gel and Gel Free Single-Mode Fiber cables. It is used by electrical utility companies as a communications medium, installed along existing overhead transmission. 12 Core GYXTC8Y Central Loose Tube Figure 8 Self-Supporting Aerial Outdoor Single Jacket Steel Wire Strength Fiber Optic Cables, suitable for installation in aerial environment for long haul communications. High tensile strength of stranded wires meet the requirement of self-supporting.

12 Core ADSS Optical Fiber Cable: High-Performance Self-Supporting ...

Advanced 12 core ADSS optical fiber cable featuring superior environmental resistance, mechanical durability, and optimal data transmission capacity. Perfect for aerial installations with self-supporting

GYTS-48X 48 Core Outdoor Fiber Optic Cable, Steel Armored

48-core armored fiber optic cable for duct/aerial/direct burial. Features steel tape armor, waterproof core, and UHMWPE sheath for durability.

12-Strand Fiber

12-Strand with Furcation Tubing Singlemode 9/125 Fiber Distribution Cable; Choose Connectors, Jacket Type, and Optional Pulling Eye. Available in Any Length! Quick shipment of 12-strand fiber in any

120 M SPAN All DIELECTRIC SELF-SUPPORTING AERIAL CABLE (ADSS CABLE)

Introduction ADSS (All-Dielectric Self-Supporting) cable is ideal for installation in distribution as well as transmission environments, even when live-line installations are required.

Customized Fiber Optic Cable|Adss Fiber|All Dielectric

All-dielectric self-supporting (ADSS) cable is a type of optical fiber cable that is strong enough to support itself between structures without using conductive

Fiber Optic Cables | Corning

With 2 billion kilometers of fiber optic cables installed around the globe, Corning continues to lead the industry in product quality and innovation.

ASU Fiber Optic Cable | Aerial Self-Supporting

Streamline your aerial deployments with our ASU Fiber Optic Cable. Featuring an All-Dielectric design with FRP strength members, this self-supporting cable is
