

Southern Europe Pipeline Drop Cable

Overview

In 2023 and 2024, many undersea cables and a pipeline in the Baltic Sea were cut or damaged in a string of suspicious incidents. The AI boom and the energy transition are likely to increase the number of. At the recent ESCA plenary held in Edinburgh, ESCA Vice-Chair Peter Jamieson gave an in-depth presentation about the incidents in the Baltic and the Russia question. (Link to recording <https://www>. The project runs a high risk of diverting time and money to alternative solutions such as small and large-scale heat pumps. For the few larger industries that currently use gas, tailored renewable solutions need to be found to supply, and wood. Bill Whitaker is an award-winning journalist and 60 Minutes correspondent who has covered major news stories, domestically and across the globe, for more than four decades with CBS News. September 28, 2025 / 7:32 PM EDT / CBS News As tensions rise between Europe and Russia, Russian aircraft have. Before Russia bulldozed its way into Ukraine, Ilja Iljin mainly hunted for people stranded at sea. Behind him is a small army: dozens of radars and.
