

# Upgraded version of rack-mounted lithium battery cabinet for wind power generation

## Overview

Redway Power's new rack-mounted lithium batteries integrate CATL and BAK high-energy-density cells with a sophisticated smart BMS (Battery Management System) to optimize performance, extend lifespan, and ensure safety under demanding conditions. Ultracell's ULIT-R range delivers advanced Lithium Iron Phosphate (LiFePO<sub>4</sub>) technology in a compact, rack-mounted format, engineered to the highest international standards. Designed for cabinet installation and modular scalability, these batteries combine long cycle life, outstanding efficiency. BESS e-Racks V2. 0: powerful high quality battery energy storage systems with around 100 kWh capacity - with scalable modules. Redway Power™, a leading OEM lithium battery manufacturer with over 13 years of experience, proudly announces the launch of its latest innovation: the next-generation rack-mounted lithium battery series, designed to deliver unmatched performance, scalability, and reliability for industrial. The LFP High Voltage Rack Storage Battery Cabinet is an eco-friendly, high-voltage rack-mounted battery cabinet designed for seamless integration and intelligent energy management. 5U Chassis, Easy to Install: Directly plug in a 3. LCD Screen & LED Indicators: view battery data & adjust settings.
