

What are some international optical module manufacturers

Overview

Major optical modules manufacturers and suppliers: Innolight, Eoptolink, Huagong Tech, Linktel, Accelink, CIG ShangHai CO. A few days ago, LightCounting, a well-known market research organization in the optical communication industry, released the latest market report and updated the TOP10 ranking of global optical module suppliers. The latest data shows that Xutron Technology and II-VI acquired Finisar, the. This section provides a list of the top 10 Optical Module manufacturers, Website links, company profile, locations is provided for each company. Also provides a detailed product description of the Optical Module, including product introduction, history, purpose, principle, characteristics, types. To help you choose the best partner, this article will analyze and introduce 10 companies in the optical transceiver industry chain for you.
